## 3-6 Motor Massage Control with Heat

- The latest in colored LCD technology
- Use any combination of 3-6 motors
- Five automatic timer settings for heat and massage: 10, 15, 20, 25, & 30 minutes
- Variable intensity control
- Variable speed control
- Three massage types: wave, pulse, and steady
- Simplified wire harness to reduce cost
- Streamlined installation
- Ergonomic design
- Multiple heat settings
- User friendly
